## **CONTENTS**

1. GENERAL REQUIREMENTS .....	3
(a) The label text .....	3
(b) Conformity with the Summary of Product Characteristics .....	3
(c) Language .....	3
2. PARTICULARS TO BE INCLUDED ON THE LABEL .....	3
(a) Outer packaging or, where there is no outer packaging, on the immediate packaging.....	3
(b) Guidance for small containers.....	4
(c) Guidance for Blisters and strips.....	4
(d) Additional labelling information .....	5
3. CONTROL OF THE CONFORMITY OF THE LABELLING.....	5
4. CHANGES TO THE LABELLING.....	5

## **1. GENERAL REQUIREMENTS**

### **(a) The label text**

Particulars in the label shall be easily legible, clearly comprehensible and indelible.

### **(b) Conformity with the Summary of Product Characteristics**

The label text should be in conformity with the summary of products characteristics.

### **(c) Language**

The labelling must be presented at least in English and/or Kiswahili.

## **2. PARTICULARS TO BE INCLUDED ON THE LABEL**

### **(a) Outer packaging or, where there is no outer packaging, on the immediate packaging**

The label should include at least the following:

- i. Proprietary Name where applicable
- ii. International Non-Proprietary name(s) of the Active Pharmaceutical Ingredient(s)
- iii. Amount of each Active Pharmaceutical Ingredient present in a dosage unit
- iv. List of excipients known to be a safety concern for some patients, e.g. lactose, gluten, metabisulfites, parabens, ethanol, or tartrazine. For parenterals and topical preparations, all excipients should be listed.
- v. Pharmaceutical form and contents of the container, e.g. number of dosage units, weight or volume.
- vi. Method and route(s) of administration and the statement "Read the patient information leaflet before use."
- vii. Special warning that the medicinal product must be stored out of the reach and sight of children ("Keep out of the reach and sight of children").
- viii. Other special warnings and handling precautions, if necessary (e.g. in case of specific toxicity of the agents)
- ix. The word "sterile" if the product is sterile
- x. Batch number assigned by the manufacturer
- xi. The manufacturing date
- xii. The expiry date
- xiii. Special storage conditions, if applicable

- xiv. Special precautions for disposal of unused medicinal products or waste material derived from such medicinal products, if appropriate
- xv. The name and address of the Marketing Authorization Holder
- xvi. Physical address of the site responsible for release of the finished product
- xvii. Advice on general classification for distribution, e.g., Controlled Medicines, Prescription Only Medicines, Pharmacy Only Medicines, Over-the-Counter and General Sales List
- xviii. Instruction on use
- xix. The proprietary name, strength and expiry date in braille (Marburg Medium)
- xx. The registration number issued by the Authority.

**(b) Guidance for small containers**

For containers of less than or equal to 10 ml capacity that are marketed in an outer pack such as a carton, and the outer pack bears all the required information, the immediate container should contain at least these minimum information (added):-

- i. Brand Name of the FPP, INN name, strength, pharmaceutical form, active substance(s) and route(s) of administration
- ii. Method of administration
- iii. Batch number assigned by the manufacturer
- iv. Expiry date
- v. Manufacturing date if space is enough
- vi. Contents by weight, by volume or by unit
- vii. The name and address of the manufacturing site— or a logo that unambiguously identifies the company.
- viii. Directions for use, and any warnings or precautions that may be necessary

**(c) Guidance for Blisters and strips**

Blisters and strips should include, as a minimum, the following information (printed directly):-

- i. Name, strength and pharmaceutical form of the FPP.
- ii. Name and physical address of the manufacturing site (the site responsible for release of the finished product)
- iii. The batch number assigned by the manufacturer
- iv. The expiry date [Note that for co-blistered products, the expiry date is that of the product which expires first.]
- v. The manufacturing date, if space is enough
- vi. The batch number assigned by the manufacturer
- vii. Directions for use, and any warnings or precautions that may be necessary.

**(d) Additional labelling information**

The Authority may require the use of certain forms of labelling making it possible to indicate:-

- i. Price of the medicinal product;
- ii. The reimbursement conditions of social security organisations;
- iii. Identification and authenticity;
- iv. A statement that the product is a property of government

**3. CONTROL OF THE CONFORMITY OF THE LABELLING**

The labelling of the medicinal product forms part of the authorization and it must, therefore, be approved by the Authority when the authorization is granted.

**4. CHANGES TO THE LABELLING**

Any changes to the labelling, which are not connected with the Summary of Product Characteristics, shall be notified to the Authority where the authorization is granted. Therefore, if a Marketing Authorization Holder wishes either to introduce any label text additional to that in the decision or to change any aspect of the labelling he must first notify this change to the Authority, who shall inform the Marketing Authorization Holder whether the proposed change is accepted or not.
